Andrii Dudin

Web Developer | AI Integrations & Automation

iluxo1991@gmail.com | Ukraine | Remote | English: Intermediate (B1) | github.com/lastofpudge

Profile

Web developer with 10+ years of experience building responsive websites, web applications, e-commerce platforms, and mobile apps. Experienced in integrating LLM APIs and using modern AI tools to support automation and product delivery.

Professional Experience

2018 - 2026 **Chizz**
Full-Stack Developer
Developed corporate websites, portals, e-commerce platforms, and mobile apps using HTML, CSS, JavaScript, jQuery, TypeScript, WordPress, Laravel, and Next.js.

2017 - 2018 **Weblancer**
Full-Stack Developer
Delivered freelance web projects covering front-end development with HTML, CSS, and JavaScript, plus back-end implementation using Laravel and WordPress.

2014 - 2017 **Wezom**
Front-end Developer
Built front ends for online stores, corporate websites, portals, and web services. Collaborated with SEO specialists. Technologies: HTML/CSS, JavaScript/jQuery, and WordPress.

Web Development Skills

Core: HTML, CSS, JavaScript, TypeScript, PHP, MySQL, WordPress, responsive layout, Figma to HTML, GSAP animations
Delivery: Git, Vite, Webpack, Gulp, GitHub Actions, Jira, Trello, YouTrack, Worksection
Additional experience: React, Redux Toolkit, Zustand, Next.js, Nuxt.js, jQuery, React Native, Expo, Laravel, Filament, OpenCart

AI Integrations & Automation

LLM API integrations. Telegram bots and Zapier automations. REST API integrations, authentication, payment systems, CRM, and external services. Claude, Cursor, and Codex for AI-assisted development, code review, debugging, refactoring, documentation, test generation, and rapid prototyping. Local Llama models for private/offline experimentation. ComfyUI Desktop for node-based image-generation workflows.
